

Incorporate Partnerships into the Organisation's Strategy

Incorporating partnerships into your organisation's strategy is critical. Use this tool to evaluate your strategic goals for the organisation and see how partnerships can help you achieve them.

Guiding questions are given to help you fill out the details of your organisation and partnership approach.

Organisation Name

Organisation Vision

What are your strategic goals?

What are your current interventions to achieve them?

How will partnerships help you to achieve your goals?

What role should the partner play?

What are some of the non-negotiables for you when you partner?
